

## ROCKEFELLER AND TAFT IN FULL ACCORD

Brother-in-Law of Oil Magnate Bears Out Chicago Record-Herald Interview.

ELECTION WOULD HELP THE TRUST'S BUSINESS

CHAIRMAN MACK AGAIN CHARGES REPUBLICAN PARTY HAS BEEN SOLD FOR CASH

Cleveland, O., Oct. 31.—W. C. Rudd, brother-in-law of John D. Rockefeller, said today that the oil man had strongly favored the candidacy of Mr. Taft ever since the latter's nomination for president.

"Mr. Rockefeller has always been a Republican in national politics," said Mr. Rudd, "and to the best of my knowledge he has never voted for a Democratic president. He has never made a secret of this fact, and during the summer he frequently said in my hearing that he thought the election of Mr. Taft would lead to the return of normal business conditions."

New York, Oct. 31.—National Chairman Mack, in an authorized statement today regarding President Roosevelt's denials of the relations between the administration and the Standard Oil company, declared he had "had positive proof for ten days that negotiations were going on between the Taft managers and the Standard Oil company to get the support of the Standard Oil people all over the country, and to get a contribution of \$1,000,000, which is the same amount they gave in 1906, 1909 and 1914."

Mr. Mack's statement follows:

**Roosevelt Also Denied.**

"President Roosevelt's denial of the relations between the administration and the Standard Oil company losses force when it is remembered that he made a similar denial four years ago, when Judge Parker declared that the Republican managers in charge of Mr. Roosevelt's campaign were receiving money from corporations. It is self-evident on its face, as Mr. Taft has said, that if Mr. Rockefeller had really wanted him elected he would have kept quiet about it, and that he has come out for him as being the way in which he can damage him most."

The following telegram also was made public:

Cleveland, O., Oct. 31, 1938.—The President: The labor vote will not be decided by Rockefeller's political

trick. We will bury him with Tom Johnson. Cuyahoga county is as safely Republican as the state of Ohio and the electoral college.

(Signed) "A. L. FAULKNER, President of Window Glass Workers of America."

**Public Will Be Cheated.**

"Mr. Roosevelt must know that the Republican managers for Mr. Taft felt the necessity of getting another million dollars at this particular juncture, and that the loss of the Standard Oil's millions in this campaign was one of the things that the 'grand old party' could not get along without, and that the Taft managers made a successful bargain with the Standard Oil people."

"As to whether Mr. Taft will cheat Wall street, the Standard Oil company and the steel trust if he should be elected, or stand with Mr. Roosevelt, who nominated him, that is a question that the public can determine for themselves."

**Should Publish Their List.**

"Chairman Hitchcock does not deny that the national committee is getting money from individuals in the Standard Oil company, which is only another means of the Standard Oil company, as a corporation, giving funds to the Republican management. If the Republican national committee wants the public to take any stock in their statement and to believe the actual truth of the contributions to the campaign, they should have made their contributions public from day to day as the Democratic party has done. If so, they would not have received \$100,000 at a time from any individual or any corporation."

**Hitchcock's Statement.**

In answer to Mr. Mack's statement, Chairman Hitchcock of the Republican national committee today dictated the following:

"The assertion that there have been negotiations between myself and the Standard Oil company in reference to campaign contributions is absolutely untrue."

"So far as my knowledge goes, there has been no contribution to our campaign fund by any person connected with the Standard Oil company, no matter in what capacity, nor has any such person been solicited to contribute."

Mr. Hitchcock declined to discuss the rumor that the statement of Mr. Rockefeller was given out at the instance of the Democratic national committee for the purpose of injuring Mr. Taft. He added that he had yet to hear of anyone who regarded seriously Mr. Rockefeller's statement of his intention to vote for Mr. Taft.

**White House "Dope."**

Washington, Oct. 31.—Following up the statement issued last evening from the White House regarding the announcement made by John D. Rockefeller of his preference for Mr. Taft in the presidential struggle, a second statement was issued today as follows:

"The president has received numerous letters and telegrams showing that this trick of Rockefeller, doubtless made by agreement with the Democratic party, will fail absolutely. It is self-evident on its face, as Mr. Taft has said, that if Mr. Rockefeller had really wanted him elected he would have kept quiet about it, and that he has come out for him as being the way in which he can damage him most."

The following telegram also was made public:

Cleveland, O., Oct. 31, 1938.—The President: The labor vote will not be decided by Rockefeller's political

trick. We will bury him with Tom Johnson. Cuyahoga county is as safely Republican as the state of Ohio and the electoral college.

(Signed) "A. L. FAULKNER, President of Window Glass Workers of America."

## DIRTY WORK IN CAMPAIGN

President Roosevelt's Attention Is Called to Violation of the Law by Federal Office Holders.

Parkersburg, W. Va., Oct. 31.—George I. Neal, vice chairman of the Democratic state committee, and active head of the Democratic campaign in this state, sent a telegram today to President Roosevelt, complaining of the activity of certain federal officeholders in the campaign. The telegram follows:

"The federal officeholders in this state are making your position of not permitting pernicious political activity by federal officers the laughing stock of the state. I especially refer to Frankie H. Tyree, marshal for the southern district; Charles D. Elliott, marshal for the northern district; and George M. Bowers, fish commissioner. Their pernicious political activity in this campaign is a common notoriety. We are ready with positive proof, at any time, of their guilt."

## DENSE SILENCE AT PEKIN.

Presence of the Battleship Fleet at Amoy Entirely Ignored.

Pekin, Oct. 31.—The presence of the second squadron of the American battleship fleet at Amoy, where the vessels arrived yesterday and where the men are now being entertained by the Chinese government, is hardly known in Pekin. The Chinese newspapers have said nothing at all about the visit, and the occurrence is being completely ignored both officially and otherwise so far as Pekin is concerned. This probably is because the festivities in connection with the birthday of the empress dowager are coincident with the entertainment of the visiting Americans.

The Japanese newspapers alone in Pekin have any information regarding the doings at Amoy.

Up to 6 o'clock this evening the foreign board had no news of the arrival of the warships and was still awaiting their coming. Neither had the American legation received any news. The only member of the American legation at Amoy is Captain James H. Reeves, the military attaché.

This silence is the more remarkable because the native press has during the past few weeks given much space to promoting the idea of an alliance with the United States.

## CONTRACT LABOR.

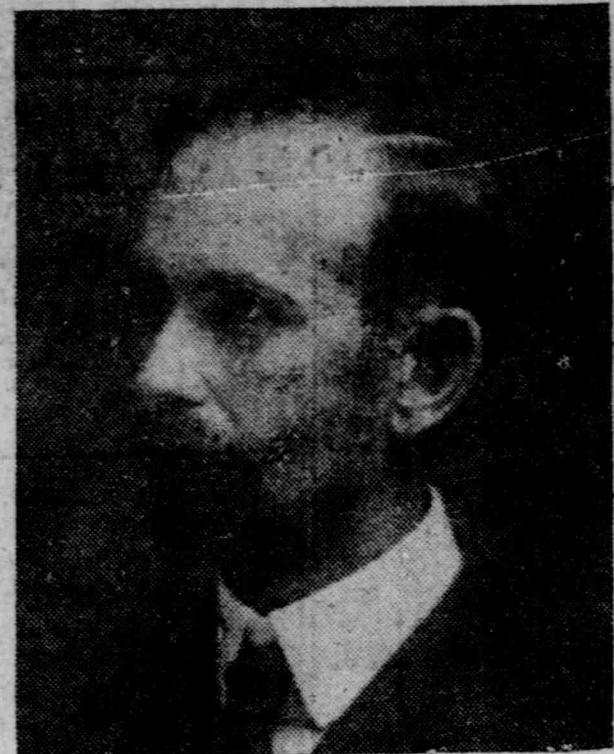

Party of Finlanders En Route to Nevada Copper Camp.

Ogden, Oct. 31.—Two carloads of Finlanders, miners from the Lake Superior region, in charge of a boss, en route to Ely, Nev., are looked upon as the advance guard of a great army of iron miners to be placed at work in the mines of Nevada copper camp. They are under contract to work for \$2.50 and board, a scale much below the prevailing wages in Ely, yet George C. Butler, who is directing the party, anticipates no demonstration on the part of the union miners when the Finlanders reach their destination. Mr. Butler explains they are not labor shirkers, but are imported to meet a labor shortage.

## THREE KILLED; MANY WOUNDED

Mutiny of Turkish Troops Promptly Put Down by Loyal Soldiers.

Constantinople, Oct. 31.—A threatened outbreak on the part of a company of Turkish troops attached to the garrison at Yildiz Kiosk was promptly put down this morning with a single volley from a loyal battalion. Three of the mutineers were killed and fifteen wounded.

The mutinous spirit manifested itself when the company was assembled, and threatened for a few moments to result in serious trouble. But a hurry order was issued and a battalion from a regiment recently brought in from Saloniki was marched to the scene and one volley sufficed to cow the mutineers.

The rebellious troops were under orders to leave for the provinces, but they refused to depart, withdrew to a field near the barracks and defied their officers.

The battalion from Saloniki, which was drafted into the capital especially because the men are staunch supporters of the constitution, was ordered to attack the rebels. They fired one volley, with the result above set forth, after which the mutineers surrendered and were made prisoners. Later they were drawn up on the public square, tied together, and exhibited to the assembled troops as rebels who had broken their military oath. This prompt suppression is expected to have a salutary effect on the remainder of the Yildiz Kiosk garrison, which is suspected of being antagonistic to the constitution.

## CASE OF BUTTING IN.

Women Passengers on Southern Pacific Train Unduly Excited.

Reno, Oct. 31.—Following the investigation of the report that a 14-year-old girl who was on the train No. 2 that left Ogden yesterday morning in the custody of a white woman and by Chinaman are being held against her will, had appealed to passengers for aid, T. F. Rowlands, superintendent of the Oregon Short Line at Sparks this morning sent the following explanation to Charles S. Fox, San Francisco:

"I have received this reply from Conductor Secord, that Special Agent Cordon got on the train at Palisade, Nev., last night and after investigating the case found that the woman was bound direct from New York to San Francisco. He says the little girl is blind and wrong mentally, but that the woman is evidently her mother. Both seem to be under a great nervous strain, but there is nothing to arouse suspicions. No Chinaman figures in the case. The agitation was started by other women passengers and none of them seem to be able to give an intelligent reason for having their suspicions aroused."

## DEATH OF A. B. WECHSLER.

New Yorker Known in Salt Lake Expires From Heart Failure.

News has been received by D. W. Lipman, who resides at 167 I street, of the sudden death of his uncle, Albert B. Wechsler, 52 years of age, in his residence in New York City, 122 West Eighth-fifth street, at 2 o'clock yesterday morning. His demise was brought about by a sudden attack of heart failure.

Mr. Wechsler was one of New York's prominent business men, having retired a short time ago from the presidency of the Manhattan Shirt company. He leaves a wife, three sons and one daughter. Mr. Wechsler had been enjoying perfect health up to the time of his death. He had many friends here with whom he became acquainted during his visits to this city. His mother, who also was known in Salt Lake, died about six weeks ago.

## THOUGHT CAR HIT HIM.

Intoxicated Huckster Falls Head Foremost From Wagon.

Martin Bauer, a huckster, was too free in his potations yesterday forenoon, and as a result was the victim of an accident that might have resulted seriously. As it was, he escaped with but little injury.

Bauer, while intoxicated, was driving along when he lurched from his seat and, falling from his wagon, struck head-first on the pavement. He was taken to the emergency hospital, but was able to leave there within a few hours. Bauer told a rambling story of how his wagon had been smashed into by a street car, but investigation developed all the facts against this tale.

## BURGLAR ATTIRED IN EVENING DRESS

Chicago, Oct. 31.—A burglar, attired in full evening dress that he might be coming a reception given by Mrs. Eugene Vincent Roddin, and who secured jewelry today, Mrs. Roddin stated that the burglar entered through a window and must have mingled either with the servants or guests in order to reach her boudoir. He would have attracted instant attention had he been in other than formal attire, she said, but might have escaped detection in the crush in evening dress.

## VICTIM OF DRUG TAKES OVERDOSE

Death of Unknown Man Attributed to Opium Poisoning Diagnosed as Epilepsy.

An unknown man, evidently a slave to the drug habit, was removed from the American House on Commercial street yesterday morning to the city jail, where he died several hours later. The man's real identity is unknown.

No one at the American house could identify him, although at the hospital he gave the name of William Bishop, papers found on him bore the name of M. A. Harley.

Death is thought to have been due to an overdose of opium or similar drug. The man, who looks to be about 30 years of age, was discovered in a serious condition by attaches of the morning house early yesterday morning, and was immediately removed to the emergency hospital of the city jail.

An hour or two later Assistant County Physician Raley arrived. He is quoted as saying that the man was suffering from epilepsy. He returned later again, and following that he was accompanied by County Physician Calderwood. These physicians, however, were unable to aid the man, and he died at 2:30 in the afternoon.

The man's physical condition showed that he had been addicted to the use of morphine, and it is said that he was seen Friday afternoon eating opium. The supposition is that he died from the effects of the powerful opiate. His body was removed to O'Donnell's mortuary, and is held there during an endeavor to discover his real identity and the whereabouts of his relatives.

## You! Dyspeptics

Read

What an Eminent Medical Man Says

Dyspepsia Really Is—Then Gain Hope.

"This affection called Dyspepsia, is the greatest torment of civilized life, and is to be considered rather as an unnatural functional difficulty than as a structural disease."

The same authority has classified dyspepsia thus: The first form due to relaxation of gastric juice, made evident by slowness of digestion, long retention of food in the stomach, distress for a long time after meals, accompanied by weighty and uneasy feelings at pit of stomach, decomposition of food in alimentary canal causing fetid and foul gases and the evacuations from bowels.

The third and last form of dyspepsia, according to this renowned medical light, is that which accompanies some abnormal quality of the gastric juice, combined with a partial paralysis of the stomach's muscles so that this organ cannot sufficiently mix the food with the digestive fluids.

Stuart's Dyspepsia Tablets will remedy each condition of a stomach afflicted with dyspepsia as above described. These tablets contain digestive agents which act with or without the aid of the stomach. One grain of an ingredient used in these tablets will digest 3,000 grains of food, and if necessary will do it in a glass of water.

They help the stomach, enrich the blood, revitalize the gastric juices, give strength to the alimentary nerves and glands. They are recommended by every druggist and 4,000 physicians who use and prescribe them.
